

BIOFYT STAR

SPECIFIC ACTION PRODUCT
Inoculation of mycorrhizal fungi

ALLOWED IN ORGANIC FARMING

BIOAGRONOMIC CHARACTERISTICS

BIOFYT STAR is an energetic microbiological product. Its main property is found in the stimulation and activation of the microbiological development of the soil. The results are reflected in the exponential proliferation of the rhizosphere system, increasing the natural process of transformation and assimilation of nutrients, increasing soil fertility and well-being. Given the production of positive spores, with the consequent reduction of stress of various kinds, the environment is therefore optimal for the development of the plant.

FINAL RESULT

- Possibility of reducing traditional nutrition from 30 to 50%;
- Greater resistance of plants in saline soils and in the presence of brackish water;
- Greater ability to overcome plant stress;
- Possibility of integration with traditional and microbiological nutritions, to obtain an increase in production.

DOSES AND METHODS OF USE

Type of application: **RADICAL**

CULTURE	RADICAL BY INTERVENTION	TOTAL RADICAL	NR Applications
VINEYARDS	30-45 kg/ha	150-200 kg/ha	4 Radical
ORCHARDS	25-50 kg/ha	200-300 kg/ha	6 Radical
CEREALS	50-75 kg/ha	100-150 kg/ha	2 Radical
OLIVE TREE	25-50 kg/ha	200-300 kg/ha	5 Radical
HORTICULTURAL	25-50 kg/ha	200-300 kg/ha	3 Radical

In combination with:

RADICAL TOP, KAISER - 20% of the recommended dosage
BIOFOS PK, AZOFIX, CALBIO FIX -15% of the recommended dosage

APPLICATIONS • Apply to the ground or by hose, or in preparation of the seedbed, or during sowing.
In any case, it is important that it is slightly buried.

WARNINGS • The product is miscible with most nutrients, both organic and chemical. However, you should test before applying. The manufacturer is not liable for damage caused by improper use of the product.

COMPOSITION

Type of organic soil improver:
simple non-composted
vegetable soil improver

- Mycorrhizal content 0.1%
- Rhizosphere bacteria content 10^7 CFU/gr

FORMULATION LIQUID

PACKAGING

25 kg tank
200 kg drum
1000 kg IBC

SIAN Reg. No.
IT 25702/19
